ANNOUNCEMENT

The launch of EPA services on OneGov, the new digital public service delivery platform

The Environmental Protection Agency is pleased to announce that some of its services will be accessible via the digital public service delivery platform known as "OneGov." The services that will be offered through the OneGov platform from this date are as follows.

Vegetation Clearance Permit

- [Ruhgas Form](#)

Vegetation Clearance Report

- [Ruhgas Report](#)

Protected Area Research Permit

- [Protected Area Research Application Form](#)

Protected Species Research Permit

- [Protected Rehabilitation Centre Application Form](#)
- [Protected Species Research Application Form](#)
- [Protected Species Special Permit Application Form](#)

OneGov aims to offer streamlined access to integrated and simplified services for individuals, businesses, and residents of the Maldives. This initiative will enhance the Agency's services, making them more efficient and user-friendly.

To get started with OneGov, visit <https://one.gov.mv>.

To utilize OneGov, it is necessary to possess an Efaas account. Individuals who do not currently have an Efaas account are encouraged to create one by visiting <https://efaas.egov.mv>. This website offers comprehensive information regarding Efaas account and the process for opening one.

For any queries on the use of OneGov, kindly please contact their Support team at 1500.
